

Golf Prograss Green

Artificial Lawn
S U P P L Y

Our high quality high performance nylon golf putting grass with a total thickness of approx. 18mm. A top quality, golf putting surface suitable for golf courses, recreation and leisure. Attractive two tone green yarn gives a natural appearance, whilst providing an extremely durable, fast, consistent putting surface.

The heavy duty nylon makes this product more expensive but far superior to cheaper quality artificial putting products which will not last. This product is suitable for both indoor and outdoor use. This product can also be installed by adhering to a concrete or tarmac base with or without sand infill, or more commonly laid onto a compacted porous graded stone base.
