

Pedigree Lawn

Our 15mm Pedigree EX-Crufts Lawn is perfect for the paws of your furry friend, and has previously been used to great effect in the main arena at Crufts Dog Show. This artificial grass is specially designed for dogs, making it ideal for use in dog runs, training areas and agility courses. Thanks to its 15mm curled pile, it's durable and comfortable on paws, and the rich olive green tone looks luxurious all year round. It is the only kennel club approved surface for dog agility.

This product is used for the Crufts dog show and then collected, cleaned and sold heavily discounted.
