

Supreme Lawn

Our 45mm Supreme Lawn is the most realistic artificial grass on the market today. Its exceptional quality and durability, with a multidirectional 4-tone colour mix perfectly mimics a real lawn. All whilst being low maintenance, versatile and hard-wearing – meaning it combines all the benefits of a real lawn without compromising any of the benefits of artificial grass.

This makes it the ideal choice for show gardens, ornamental landscaping and residential gardens that want to really stand out with a lawn that always looks and feels its luxurious best. Also makes for a great front garden as it blends in with natural lawns all without the mud and mess!

Colour 4 tone colour mix
